Summer is Coming!

Summer throughout the southern hemisphere is approaching and this is a good time to consider planning your next holiday, particularly in **Australia** or **New Zealand**.

Both countries offer safe, affordable and friendly holiday destinations, with a huge variety of tourist facilities, activities and experiences. From hot sunny beaches, to cool mountain retreats, forests to deserts and the ultimate get away to exhilarating extreme sports, you can find any of these holidays in both **Australia** and **New Zealand**.

Our rental holidays provide a unique relaxed way to tour and enjoy the freedom to travel independently. Cars and 4WD vehicles provide a flexible access to unique places, while motorhomes and campervans combine both your transportation and accommodation into one economical package.

Interest and enquiries in Australian and New Zealand rentals is well underway and availability can become difficult at the height of the summer season.

Drive Travel is currently providing **EARLY BIRD** bookings on selected cars, 4WD vehicles and motorhomes in both **Australia** and **New Zealand**.

Because we represent most of the leading holiday rental brands, we can offer you a **best price guarantee**.
