

May 2002 Newsletter

As the specialist global booking office we have been amazed at the number of people travelling this year. Sales are up 23% on the same time last year and we are still struggling with availability. We have taken on additional suppliers and are still looking for more. We have employed more people which has already improved quote response times. Our standard policy of answering the phones within 3 rings still stands. We have increased our office space by taking over the 3 offices next door..... So to those people who have phoned and could hardly hear us because of the drilling and hammering, we apologise. Hopefully we will have everything completed in the next week.

To make things easier, our team can help you if you speak Italian, German, Portuguese and Dutch and all are widely travelled. As specialists, we can often advise ways of making huge savings. Earlier this week – just by making a few suggestions involving changing the starting point and direction of travel, we quoted one very happy enquirer a saving of \$4960 on the same type of vehicle and the same length of time compared to a quote he had received elsewhere!

Lastly, I can advise that we have opened our Earlybird bookings for 2003 using 2002 prices and for those planning ahead there are good savings to be made. Ask us for details.
